Programs of
 Community Services of Venango County Inc.

EARLY HEAD START

- Services, free of charge, to low-income pregnant women and children birth to 3
- Year-round, comprehensive child and family development services
- Weekly, home-based visits
- Bi-monthly Family Interaction Time events
- Parenting information, health and safety education
- Referrals to local resources

PARENTS AS TEACHERS

- Services, free of charge, to pregnant women and children birth to 5.
- Year-round, comprehensive child and family development services
- Home-based visits
- Family Interaction Time events
- Parenting information, health and safety education
- Referrals to local resources

WHAT IS A HOME VISIT?

Home visits are fun! Home Visitors work with families; bringing activities to assist with a child's development and supporting parents as their child first and best teacher!

WHAT IS FAMILY INTERACTION TIME

Family Interaction Time provides opportunities for families to enjoy educational and fun child activities in a family friendly classroom. Parents can connect with other parents of young children.

WELCOME EVERY CHILD

Venango County Only

Provides expectant parents and families with newborns a gift basket to "welcome" their child into the community. The baskets contain a baby blanket, newborn baby supplies and an educational packet that describes various community resources that the family can access. Baskets are delivered to residents of Venango County. The program is free of charge.

What If My Child Has a Disability?

Families First programs serve children with and without disabilities. Your home visitor will work closely with you and other agencies as needed to meet the individualized needs of every child
